Definition:

Technology-based efforts designed to re-establish, maintain and enhance manufacturing and other capabilities needed for the future production of weapon components including some needed for the near-term life extension programs. They are multi-year, multi-functional focused efforts involving the four weapons production plants (Kansas City, Pantex, Y-12 National Security Complex, and the Savannah River Site along with Los Alamos and Sandia National Laboratories), which develop and maintain critical manufacturing capabilities needed for future nuclear weapon production activities. This B&R includes costs to develop capabilities to deliver qualified refurbishment products upon demand, to develop modeling and simulation tools and information management technologies to enable full-scale engineering development with minimal hardware prototyping, and to ensure future manufacturing capabilities (materials, equipment, people, processes) are in-place and ready for the production, requalification, and assembly/disassembly of components for the stockpile. These campaigns support Directed Stockpile Work and Readiness in Technical Base and Facilities.

Includes all costs of transportation of persons (including family travel expenses under 5 U.S.C. 5724 and 5724A as implemented by Federal Travel Regulations, Chapter 2, and DOE 1500, Chapter VI (Formerly Appendix 1501)), subsistence of travelers, and incidental travel expenses in accordance with Federal Travel Regulations, which are chargeable directly to DOE. Specifically includes (a) commercial transportation charges, rental or charter from commercial sources of passenger-carrying motor vehicles (even though they may be used incidentally for transportation of things), trains, buses, vessels, and airplanes, for transportation of persons, and expenses incident to the operation of such rented or chartered conveyances; and (b) mileage allowances for use of privately-owned vehicles and related charges that are specifically authorized (such as ferry fares and tolls), and streetcar and taxi fares (including tips) whether in connection with local travel or travel away from a designated post of duty. Excludes (a) rental of passenger-carrying motor vehicles from Government motor pools, (b) cost of contractual services contracted directly by DOE for transportation of DOE employees in and around the official station of such employees, and (c) charges for the use of vehicles of DOE contractors. However, when temporary duty is performed at a U.S. stopover en route to or from a foreign destination, the pertinent one-way costs of the trip between the permanent duty station and the stopover are charged to domestic travel. Such temporary duty at a U.S. stopover must be shown on the travel authorization (DOE Form HQ F 1510.2A) under Remarks (Col. 14) as necessary and not just incidental to the foreign trip.

Although the United States Enrichment Corporation handles its own waste treatment and disposal, through DOE's lease agreement with them, we remain responsible for some waste streams which are generated by the United States Enrichment Corporation's operation of the plant. #### Definition:

Includes all costs of transportation of persons (including family travel expenses under 5 U.S.C. 5724 and 5724A as implemented by Federal Travel Regulations, Chapter 2, and DOE 1500, Chapter VI (Formerly Appendix 1501)), subsistence of travelers, and incidental travel expenses in accordance with Federal Travel Regulations, which are chargeable directly to DOE. Specifically includes (a) commercial transportation charges, rental or charter from commercial sources of passenger-carrying motor vehicles (even though they may be used incidentally for transportation of things), trains, buses, vessels, and airplanes, for transportation of persons, and expenses incident to the operation of such rented or chartered conveyances; and (b) mileage allowances for use of privately-owned vehicles and related charges that are specifically authorized (such as ferry fares and tolls), and streetcar and taxi fares (including tips) whether in connection with local travel or travel away from a designated post of duty. Excludes (a) rental of passenger-carrying motor vehicles from Government motor pools, (b) cost of contractual services contracted directly by DOE for transportation of DOE employees in and around the official station of such employees, and (c) charges for the use of vehicles of DOE contractors. All costs incurred for foreign travel between permanent duty station and foreign destination and return are charged as foreign travel. However, when temporary duty is performed at a U.S. stopover en route to or from a foreign destination, the pertinent one-way costs of the trip between the permanent duty station and the stopover are charged to domestic travel. Such temporary duty at a U.S. stopover must be shown on the travel authorization (DOE Form HQ F 1510.2A) under Remarks (Col. 14) as necessary and not just incidental to the foreign trip.

Definition:

Includes all costs of transportation of persons (including family travel expenses) under 5 USC 5724 and 5724A as implemented by Federal travel regulations, Chapter 2, and DOE 1500 Chapter VI, subsistence of travelers, and incidental travel expenses in accordance with Federal Travel Regulations, which are chargeable directly to DOE. Specifically includes (a) commercial transportation charges, rental or charter from commercial sources of passenger-carrying motor vehicles (even though they may be used incidentally for transportation of things), trains, buses, vessels, and airplanes for transportation of persons, and expenses incident to the operation of such rented or chartered conveyances; and (b) mileage allowances for use of privately owned vehicles and related charges which are specifically authorized (such as ferry fares and tolls), and streetcar and taxi fares (including tips) whether in connection with local travel or travel away from a designated post of duty. Excludes (a) rental of passenger-carrying motor vehicles from government motor pools, (b) cost of contractual services contracted directly by DOE for transportation of DOE employees in and around the official station of such employees, and (c) charges for the use of vehicles of DOE contractors. All costs incurred for foreign travel between permanent duty station and foreign destination and return are charged to foreign travel. However, when temporary duty is performed at a U.S. stopover en route to or from a foreign destination, the pertinent one-way costs of the trip between the permanent duty station and the stopover are charged to domestic travel. Such temporary duty at U.S. stopover must be shown on the travel authorization under remarks as necessary and not just incidental to the foreign trip. Also includes the rental and expense incident to the operation of passenger-carrying motor vehicles rented directly by DOE from interagency motor pools. In the case of rentals by DOE from GSA motor pools, includes the net reimbursement to GSA. Excludes the costs of rentals paid by DOE contractors to GSA or some other Government agency for passenger-carrying vehicles operated and maintained by the contractors, although such rental vehicles may be used on occasion by DOE employees.

Departmental Goal: OTHER PROGRAMS

Target: No Target

Definition: Includes all costs of transportation of persons (including family travel expenses) under 5 USC 5724 and 5724A as implemented by Federal travel regulations, Chapter 2, and DOE 1500 Chapter VI, subsistence of travelers, and incidental travel expenses in accordance with Federal Travel Regulations, which are chargeable directly to DOE. Specifically includes (a) commercial transportation charges, rental or charter from commercial sources of passenger-carrying motor vehicles (even though they may be used incidentally for transportation of things), trains, buses, vessels, and airplanes for transportation of persons, and expenses incident to the operation of such rented or chartered conveyances; and (b) mileage allowances for use of privately owned vehicles and related charges which are specifically authorized (such as ferry fares and tolls), and streetcar and taxi fares (including tips) whether in connection with local travel or travel away from a designated post of duty. Excludes (a) rental of passenger-carrying motor vehicles from government motor pools, (b) cost of contractual services contracted directly by DOE for transportation of DOE employees in and around the official station of such employees, and (c) charges for the use of vehicles of DOE contractors. All costs incurred for foreign travel between permanent duty station and foreign destination and return are charged to foreign travel. However, when temporary duty is performed at a U.S. stopover en route to or from a foreign destination, the pertinent one-way costs of the trip between the permanent duty station and the stopover are charged to domestic travel. Such temporary duty at U.S. stopover must be shown on the travel authorization under remarks as necessary and not just incidental to the foreign trip. Also includes the rental and expense incident to the operation of passenger-carrying motor vehicles rented directly by DOE from interagency motor pools. In the case of rentals by DOE from GSA motor pools, includes the net reimbursement to GSA. Excludes the costs of rentals paid by DOE contractors to GSA or some other Government agency for passenger-carrying vehicles operated and maintained by the contractors, although such rental vehicles may be used on occasion by DOE employees.
